PROJECTS

Recommendation System | Python, NLP, TF-IDF, FastAPI, Streamlit, feature engineering | [Github](#)

Developed a content-based recommendation engine utilizing Natural Language Processing (NLP) and *TF-IDF* vectorization to provide personalized movie suggestions based on genre, overview, and metadata.

- Engineered a scalable production-ready backend using *FastAPI* to handle data processing and serve model predictions efficiently.
- Built a responsive user interface with *Streamlit*, integrating real-time data fetching from the *TMDB* API to display dynamic content, including movie details and posters.

FilmyCommerce | Nextjs, Tailwindcss, MongoDB, React, Redux-Toolkit, Redux persist | [Github](#) | [LINK](#)

- Built with Django, Tailwind CSS, HTML, and JavaScript, ensuring a smooth and dynamic user experience.
- OTP verification with the help of email provides an extra layer of security for your account access..
- Integrated payment processing allows for secure and convenient transactions.

Filmy-flex | Next js, Type Script, Recoil js, Firebase v9, Tmdb api, Tailwind css | GitHub | <https://hdflix-byritam.vercel.app/>

- Is a platform where people search about their fav films and tv series to watch..
- tmdb api is used for fetching data using server side rendering..
- User can also search for their fav films and shows and also can add to their fav list

Chat Application | Next js, Scss, Tailwind css, Firebase NodeJs, MongoDB | GitHub | <https://chatifybyritam.vercel.app/>

- Is a platform where people can share chat in real time with help of firebase.
- Authentication system made using firebase google authentication.
- User can logout and login from different device

SKILLS

PROGRAMMING

• C • C++ • PYTHON • Javascript, • Typescript • DJANGO • ReactJS • NextJS • NodeJS

CORE FUNDAMENTALS

• DBMS • COMPUTER NETWORK • OPERATING SYSTEM • COA

DATABASES

• MONGODB • SQL • FIREBASE

VERSION CONTROL SYSTEM

• GITHUB

EDUCATION

B.P PODDAR INSTITUTE OF MANAGEMENT AND TECHNOLOGY

SALKIA HINDU SCHOOL (HIGH & UNIT -2)

Higher Secondary
JUNE 2021 | Percentage : 84.4

SALKIA HINDU SCHOOL (HIGH & UNIT -2)

Secondary
MAY 2019 | percentage : 79

ACHIEVEMENTS

QUALIFIED FOR CS-24 IN GATE.

Selected for web lead of college for 2023

LANGUAGES

English Hindi
Bengali

ACTIVITIES

LEARNING VARIOUS CORE SUBJECTS OF COMPUTER SCIENCE ALONG WITH DEV, DSA.
